

## MARTIAL LAW FOR POLAND

Minor State of Siege Declared in Whole Country.

### SIBERIAN RAILWAY TIE UP

Report in Paris That No Trains Have Left for Manchuria in Nine Days on Account of Strikes and Damage to the Lines.

Warsaw, March 2.—The governor general of Warsaw proclaimed yesterday a minor state of siege in the governments of Kalisz, Lublin, Kielce and Lomza. The whole of Poland is now under this modified martial law. No special reason is given for the governor general's action.

The strike on the Warsaw and Vistula Railway has come to an end, and service north and south has been resumed.

Paris, March 2.—A St. Petersburg despatch to the Aurora says that, in consequence of the strikes and damage to railway lines, no trains have left for Manchuria for nine days. There are 250,000 men on strike in the Donetz coal basin. As a rule they are orderly. At Lugansk strikers seized a dynamite storehouse.

Many dvorniks (doorkeepers) of St. Petersburg have signed a promise not to assist the troops in the event of disorders. Hitherto they have exercised semi-police functions.

It is stated that the police of St. Petersburg, Moscow and Kiev have arranged mutually to proclaim a strike when the strike on the railways has reached its height.

Fifty persons were killed in the suppression of the Jewish demonstrations in Theodosia in the Crimea, on February 26.

### GAPON TO THE CZAR.

Calls Him Assassin—Tells the People to Rise and Slay.

Paris, March 2.—The Humanite publishes a letter today, which it says Father Gapon, the leader of the strikers on Red Sunday, is going to send to the Czar. The letter begins:

"Full of single faith in you as the father of your people, I marched toward you peacefully, accompanied by the children, your people. As you must and do know, the innocent blood of workers, their wives and their children of tender age henceforth and forever separates you, their assassin, and Russia's people. Half measures, even the promised States General, are no longer able to control the flood of popular opinion. Bombs, dynamite and terrorism await all assassins of the people despoiled of their rights.

"Russia perhaps will perish. Try to understand it and remember it. Renounce then, as soon as possible, with all your family, the throne of Russia, and appear before the tribunal of the Russian people. Have pity on your children. Have pity upon the countries of the empire, you, who have offered peace to other nations and slaughtered your own."

Addressing the people of Russia, Father Gapon congratulates the workmen upon their heroism and bids them distrust the promises of the assassin, the Czar. He commands them to despise the Holy Synod and the priests, to organize fighting battalions of workmen, to shoot down the officers, to destroy water mains, gas pipes, telephones, telegraphs, railways and government buildings, but to respect private property.

He announces that a committee of defense will formulate a plan for a general insurrection as soon as possible, with a view to abolishing the autocracy and to summon a constituent assembly, based upon universal suffrage. He promises to join the workers when the supreme moment arrives.

### MEMORIAL SERVICE SUNDAY.

Will Be Held in Honor of ex-Judge and Mrs. Jonathan Ross.

St. Johnsbury, March 2.—A memorial service for ex-Judge and Mrs. Jonathan Ross, the former having been fatally injured at Danville February 21, dying February 23, and the latter having been instantly killed at Danville February 21, will be held in the South Congregational church here Sunday afternoon at 3:30 o'clock.

The speakers will be the Rev. Henry Fairbanks, Mrs. Elisha May, Judge Walter P. Smith and the Rev. Edward T. Fairbanks.

### NEW MONTANA RESERVE OPEN.

City of Missoula Is Crowded With Settlers.

Missoula, Mont., March 2.—Lake Como forest reserve becomes subject to homestead entry today. Between fifteen and twenty thousand acres of land will be thrown open for settlement. The land is in the famous Bitter Root Valley, and was set aside by President Cleveland as a temporary reserve. The city is thronged with people ready to file claims.

### Foot Caught Between Car Couplings.

Stowe, March 2.—Walter Burnett, section boss on the Mt. Mansfield electric road, while shifting cars caught one foot between the couplings of two freight cars. No bones were broken, but the foot was badly crushed and he will be laid up for some time.

### HAD DRAWN LOTS.

To Decide Which Should Be Killed and Eaten.

New York, March 2.—Captain J. A. Minot, of the steam dredge Texas, which foundered at sea with a loss of 22 lives, was brought here yesterday on the steamer Rotterdam from Rotterdam and Bologne. The other survivors of the Texas were landed at Waterford several weeks ago, having been rescued by the brigantine Mercedes after a terrible experience with hunger, thirst and cold in an open boat.

The Texas foundered at midnight on Christmas eve while on her way from Dantzic to Galveston. Two of her boats were launched, but one of them swamped. This boat, containing the chief officer and 21 men, sank immediately and all its occupants were drowned.

In the second boat the survivors drifted 14 days, the last six of which they were absolutely without food or water. One of the men died from exposure, another became insane and the remaining 12 were on the verge of hysteria when help came to them. They had drunk sea water and their bodies were covered with boils.

When taken on board the Mercedes one of the survivors said that they had just drawn lots to decide which one should be killed to furnish food for his fellows. A little later they were transferred to the steamship Zeno and landed at Waterford, Ireland.

### HARLAM GOES TO SING SING.

Convicted Pawnbroker to Serve Not Less Than Year and a Half.

New York, March 2.—Edward M. Harlam, pawnbroker of 400 Hudson street, convicted upon one of two indictments for receiving stolen goods, was sentenced to not less than one year and six months in state prison, by Judge Foster in General Sessions yesterday.

District Attorney Jerome appeared to urge that a severe sentence be imposed, setting forth the fact that Harlam had pleaded guilty to one of two indictments against him, and declaring that after his arrest he tried to "plant" his plunder in another place, and to throw upon an innocent person the crime with which he was charged.

### NEW YORK'S ARCTIC WINTER.

Only One in 34 Years Which Has Been Colder.

New York, March 2.—By the records of the weather bureau, the winter has been the coldest but one that New York has seen since the bureau was established, thirty-four years ago. In the three months of the winter, 1903-1904, the mean temperature was 26.4, the coldest on record. This winter the mean temperature has been 26.8. During the same period, the snow fall was 53.3 inches, while for the corresponding period last year the snowfall was 25.5.

### TOWN SINKS INTO OLD MINE.

Two Blocks Go Down Five Feet and Water Mains Burst.

Wilkesbarre, March 1.—A serious cave-in under the centre of the town of Minooka, near here, has in the last twenty-four hours caused a depression in Cemetery street of five feet for a distance of two blocks, and has damaged several houses and St. Joseph's hall. The water mains were torn apart by the cave-in and the depression is now flooded. The cave-in is over the abandoned workings of an old mine.

### GLEANINGS.

An American spends on an average \$70 a year for food, a Frenchman \$48, a German \$45, a Spaniard \$33, an Italian \$24 and a Russian \$40.

Capital punishment has been abolished in the state of Nuevo Leon, Mexico, for ordinary criminals, but is reserved for highway robbers, traitors, revolutionists and such other offenders.

It is calculated that in England, Ireland, Scotland and the United States \$50,000,000 a year is spent in golf. There are 870 golf clubs in England, 174 in America, 632 in Scotland and 134 in Ireland, numbering altogether 600,000 players.

The London fire department has been experimenting with the American "quick hitch" system and is delighted with it. One company boasts that it can now hitch up in fifteen seconds. From three to four seconds is the time in many of our cities.

### Buttermilk.

Buttermilk, it is averred, is a matchless remedy against the microbes of old age, and the constant use of it under given conditions will go far toward retarding the approach of senility.

## A PANAMA INQUIRY

Possibility of Some Interesting Developments.

### RECESS HEARING BY HOUSE

Resolution Presented Asking for Authority—Makes Appropriation of \$6,000 to Pay the Expenses.

Washington, March 2.—Members of the House sub-committee who have been investigating the management and operation of the Panama railway have heard enough curious and interesting facts about affairs on the isthmus to lead to desire to broaden the scope of the inquiry, and continue their work through the summer. A joint resolution from the full committee on interstate commerce was submitted to the House yesterday, asking that it be authorized to investigate the "Isthmian Canal and the Panama Railway," through a sub-committee to sit in the United States and at Panama. The resolution carries an appropriation of \$6,000 to pay the expenses of the investigation. One of the sub-committee said today:

"We have heard enough to make us want to know more. Many charges have been brought to our attention which we have not had time to investigate. Allegations have been made which have not been supported by proof, and we wish to probe them."

The committee is particularly anxious to learn something about a proposed pipe line across the isthmus, and the identity of the backers of the scheme. The project has come to the surface several times during the recent hearings, but its diffident sponsors have not shown themselves. Then, there are contracts of one sort and another for supplies, about which the committee is anxious to secure details. Interesting developments are expected through the summer, as some of the important members of the committee are determined that the scandal that marked the progress of the old French company shall not characterize our affairs on the isthmus. It is thought, too, that early scrutiny will have a salutary influence in nipping any grafting schemes that may be under way.

### TARIFF BILL PASSED.

Senate Defeats Effort to Kill Wheat Drawback.

Washington, March 2.—The Philippine tariff bill was taken up by the Senate yesterday morning, the post office appropriation bill being laid aside temporarily. Mr. Hansbrough made an effort to amend the bill by revoking the ruling of the Secretary of the Treasury providing for a rebate of duty on wheat used in manufacturing flour for export. Mr. Lodge protested and the amendment was defeated. Mr. Hansbrough tried to get a roll call but failed. The bill was then passed.

### NO IDEA OF ANNEXATION.

Mr. Hay So Assures the Haytian Minister.

Washington, March 2.—In answer to an inquiry on the subject, Secretary Hay has formally assured the Haytian minister here that the United States government has no intention whatever of acquiring by annexation or otherwise possession of Hayti or Santo Domingo, nor of extending American influence in that direction.

### ENJOINS STANDARD OIL.

Iowa Fights Pipe Line on Santa Fe Right of Way.

Burlington, Ia., March 2.—An injunction has been served on workmen engaged near Fort Madison, Ia., in extending the Standard Oil pipe line from Chicago into Kansas along the right of way of the Santa Fe road. The Iowa authorities hold that the charter of the Santa Fe railroad allows the use of the right of way solely for railroad purposes. Italians engaged in the work were shipped from Fort Madison into Missouri, where, if like action is not taken, they will carry on the work. The enterprise has been conducted quietly, and by today, it was hoped, the entire distance would have been covered without interference. Illinois was crossed in safety.

### HIS OLD GUIDE GOING.

"Bill" Sewall and Family to See President Inaugurated.

Lewiston, Me., March 2.—A special to the Journal from Island Falls, Me., says:

William W. Sewall, the old guide and companion of President Roosevelt, started for Washington today. He was accompanied by his family, and also by Thomas W. Tracy, his son-in-law, and Miss Louise D. Hackett. They will attend the inauguration of President Roosevelt.

### Inspector E. J. Wallace Promoted.

White River Junction, March 2.—Immigrant Inspector E. J. Wallace of this place has been promoted to assistant commissioner of immigration of Canada. Mr. Wallace has been stationed at Montreal for about four years.
